

CONWY (CAERNARVONSHIRE) GOLF CLUB.

The Gents' Section at Conwy.

This section of Conwy Golf Club represents the majority of members: all full male members are included. The core golfing activities of the Club revolve around these members; all standards of golf are catered for, from the elite to the handicap golfer. We have traditionally provided a friendly but competitive atmosphere in which to play golf.

Weekday golf is mostly social, through the late spring, summer and early autumn there is a weekly Friday evening social competition taking varied formats. More structured competition is organised at weekends: these are the formal named "board" competitions where there is an outright winner, the monthly medals and more social events generally played in two divisions according to handicap - competition is fierce and entry is booked on line or via the professional.

There are three main individual knockout competitions, the Scratch Championship for lower handicaps, the Club Championship and the Mellor Trophy. There is also a pairs foursome knockout - the Beacon Salvors. Gents are always welcome to play in the mixed pairs competitions.

Conwy enters teams in the Caernarfonshire inter-club leagues - the Bayonet Scratch league and the Norman Brookes league for gents with handicaps of 6+: players are always welcome.

Golf at Conwy can be as sociable or competitive as you wish, whichever form you prefer, the course will always provide a challenge.
